ABOUT US

Gyanodaya Shikshan Samiti was registered in 1987 with a vision to change the education scenario of Malwa region. The Samiti consists of eminent people from various parts of society who joined hands with an aim to offer the best possible services in the education domain in Neemuch district. Mr. Anil Chaurasia, social activist who is associated with various organizations, is the founder member and secretary of Gyanodaya Shikshan Samiti. He is supported by his better half, Dr. Mrs. Madhuri Chaurasia, who has more than 30 years of teaching experience at both school and college level. The year 2007 holds a remarkable place in the history of the Gyanodaya group. Mr. Abhinav Chaurasia, Managing Director, joined the hands of his parents to take Gyanodaya group to the new heights of success. Under his dynamic leadership and with continuous commitment and dedication towards their goal, Gyanodaya has grown leaps and bounds and has become the number one educational institute in the region. Today, Gyanodaya Shikshan Samiti is running several institutes in Neemuch, Manasa, Mandsaur, and Dewas and offering 30 plus streams in diploma, under graduate and post-graduation programs with more than 6000 students. With the inception of Gyanodaya University in 2023, the founders are on the mission to provide quality education to the future generation and also provide an environment where pioneers can test new ideas, debate theories and encounter a challenging information and figure out what one believes.

ABOUT CONFERENCE

The International Conference is going to be organized by Gyanodaya University in association with Gyanodaya Group of Institutes. This Conference will provide an opportunity to academicians, industrialists, researchers practitioners and students to share and exchange ideas in various fields. Given the new normal, the participants will have the opportunity to present their manuscript in hybrid mode.

OBJECTIVES:

The conference will provide a platform for the young researchers, academicians, industrialist, entrepreneurs, analysts and policy makers to present their views, research results, trends and concern, opportunities and challenges and best recovery practices in the context of sustainable development.
